

Vancouver Coastal Health Antibioqram Anaerobes and Fastidious Organisms 1 January 2019 - 31 December 2020

Anaerobes

- Bacteroides fragilis* group
- Peptostreptococcus*
- C. acnes*
- Propionibacterium* spp.

| N | Penicillin | Amoxicillin-clavulanate | Clindamycin | Metronidazole | Piperacillin-Tazobactam | Meropenem |
|-----|------------|-------------------------|-------------|---------------|-------------------------|-----------|
| 106 | 0 | 92 | 64 | S | 89 | 94 |
| 109 | 94 | 99 | 70 | S | S | 100 |
| | | | | R | | |
| 10 | | | | R | | |

Fastidious Organisms

- Haemophilus* spp.
- Pasturella* spp.
- eikenella*

| N | Amoxicillin | Amoxicillin-Clavulanate | doxycycline | TMP-SMX | Ciprofloxacin | Ceftriaxone |
|----|-------------|-------------------------|-------------|---------|---------------|-------------|
| 37 | 82 | 97 | | 81 | 100 | 100 |
| 40 | 98 | | 100 | 100 | | 100 |
| 45 | 96 | 100 | | 96 | 98 | 100 |

Fungi: 1 January 2018-31 December 2020

Fungi

- C. albicans*
- C. glabrata*
- C. parapsilosis*
- C. Krusei*

| N | fluconazole | N | Micafungin |
|------|-------------|-----|------------|
| 276 | 98 | 117 | 100 |
| 124* | 76 | 110 | 96 |
| 91 | 99 | 72 | 88 |
| | 0 | 30 | 97 |

*Susceptible, dose dependent for fluconazole
